Donate

Urban Impact's County and Federal charity codes are below along with information on Microsoft and Boeing. You can also donate year-round and/or during your employee giving campaign by designating directly to Urban Impact, writing in "Urban Impact" on your employee donation form and supplying our EIN to your HR. **In general, it is best to check with your workplace giving coordinator or HR team for details on how your company's process works.** And remember, many companies match volunteer hours so donate your time either at Urban Impact directly, or during one of your workplace campaign events indicating your match is to benefit Urban Impact. Once your gift of time or money is processed, submit for matching. Many employers, like Nordstrom, Verizon, RealNetworks, and the Gates Foundation will match cash gifts and/or hours dedicated volunteering for **both employees and retirees.**
